Meetings within the Organization, Meetings with Youth Workers and Meetings with Youth:
(short description – when/where/number of people, photos)

For time management reasons our dissemination meetings regarding the project **Shards of Mosaic** involving the Organisation, Youth Workers and Youths were held all at once. The meeting was held on Wednesday the 21st of August at The Nadur Local Council Office (Municipality office). For this initial meeting a total of 10 people were present. Afterwards these ten people reported back to friends, families and also other organisations raising the visibility for this project. This is clearly shown in the attendance sheet attached below. The dissemination started off with the youngsters explaining what the project was about and what the goals of the project were. They continued to mention the multiple activities and workshops that they took part in and explained their fictive firm ideas. They concluded by addressing how much they had fun and how they already miss their new friends. They are surely going to make use of the skills learned on this exchange for their future business ventures.

List of People Who Attended and/or Learned about the Project amongst others

Nadur Local Council - Dissemination Meeting - Erasmus Project

"Shards of MOSAIC" 21/8/2024
