Online meeting with the Romanian team where we discussed the skills we enhanced and the knowledge we acquired during the Erasmus+ “Shards of Mosaic” on August 14th 2024.

Meeting with other youth workers: (short description – when/where/number of people, photos)

From 22 to 25 of August (including travel days) we had a meeting with other youth workers in Sardegna to discuss the dissemination. The participants were people from Romania, Sardegna and Czech Republic. We had found that it is better to organize youth exchanges in villages or smaller cities because it is easier for people to connect. And regarding the project “Shards of mosaic” we decided that it would be better to do the CV part and job interviews in another project because it is a really complex topic that needs more time.

Meeting with youth: (short description – when/where/number of people, photos)

The first meeting with youth workers was held on 21st of August. Firstly, one of the Erasmus participants shared his most valuable experiences, and afterwards he played with the other youth-workers some energizers and ice-breakers which he learned from Erasmus+ like:

- “Who am I?”
- Canva

- power point presentation
- creating fictive firms
- shooting commercials.

After everyone fully understood and experienced the games, plans were made for implementing these activities starting from 14th of September, date which marks the start of a new academic year in EduBiz.

Other dissemination:

We didn't use other method of dissemination yet.

In conclusion, all the participants of the Erasmus+ project „Shards of mosaic“ representing EduBiz team showed their improved skills during the last weeks with other members and they plan to implement more after the members from the NGO are back from holiday. In the future we are going to use what we learned during our next projects and within activities of our team.
